## Icons

### Topmount sinks

Suitable for installation above the bench top where the sink is inserted into the cut out. Topmount installation is suitable for all bench tops.

### Undermount sinks

Suitable for installation below the bench top and is most often chosen for solid surfaces such as granite.

### Flushmount sinks

Suitable for installation above the bench top in a routed edge so the top of the sink and bench top sit flush. Must be installed by a professional.

### Alfresco

Sinks ideal for alfresco entertaining.

### Laundry

Sinks ideal for use in the laundry.

# FROM HUMBLE BEGINNINGS WE'RE TAKING OLIVERI TO THE WORLD

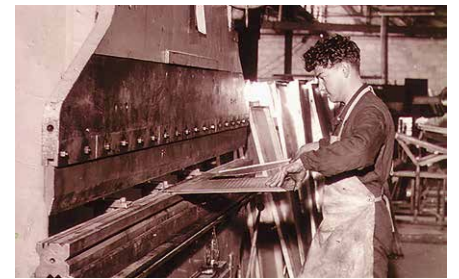

Featured products:  
Monet sink (MO70U NZ OF) and Essente square goose neck pull out mixer (SS2575)

We've come a long way from an unassuming suburban factory where our business began way back in 1947. It was at Watkins and Starr, now Oliveri Solutions, a modest domestic metal fabricator in Adelaide, South Australia, that a highly skilled and dedicated team pioneered the process of deep drawing stainless steel in Australia.

It was the beginning of something extraordinary. Today, Oliveri is Australia's only commercial pressed bowl sink manufacturer.

Our design expertise and commitment to quality continue. We now offer a range of premium composite granite sinks, as well as solid brass and stainless steel kitchen and laundry tapware.

The extensive range and superior design of our sinks and taps are enjoyed by homeowners across Australia and New Zealand where the Oliveri name continues to be synonymous with style and quality.

#### **Did you know?**

Our founders decided on the name 'Oliveri' in a local Adelaide restaurant, by voting on names written on napkins. The accent in Oliveri is the tick that sealed the deal!

*Oliveri*<sup>®</sup>

# DECISIONS. DECISIONS.

Here's our step-by-step guide to selecting the right sink and tap for you.

## Selecting the right sink /

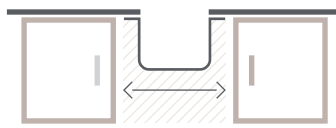

### Installation

Topmount sinks are installed above the bench top, undermount below, and flushmount are installed flush with the bench top. We recommend you go for a topmount sink when using a laminate benchtop.

### Cabinet size

Check that your cabinet is wide enough (left to right) and deep enough (front to back) to accommodate your chosen sink.

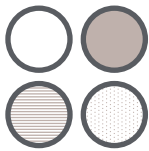

### Configuration

How many bowls do you want? How many drainers, if any at all? And do you want the bowl on the left or right hand side?

### Finish

Sinks come in polished, brushed and coloured stainless steel as well as granite finishes.

### Bowl size

Do you want deep bowls for submerging baking trays and other cooking utensils? Or do you just need enough space to wash dishes too fragile for the dishwasher?

### Pressed or fabricated

Pressed bowls are made from drawing the shape of the bowl out of a sheet of stainless steel, while fabricated bowls are made by folding their shape and welding their sides. Generally fabricated sinks will allow for tight radius edges, while pressed bowls will have a rounder, more traditional shape.

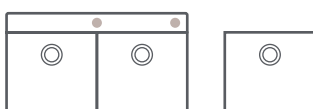

### Scratch Prevention

Oliveri sinks are manufactured from genuine 18/10, 304 grade stainless steel, for optimum hygiene and durability. However, no stainless steel sink was ever designed to do battle against hardened metal utensils or food processor blades, etc, and will undoubtedly incur scratching. Over time, scratches in steel will appear less obvious as the sink develops its own unique finish. We recommend using bowl and surface protectors to help minimise scratching.

### Tap integration

Do you need a big tap landing for multiple taps? Or do you prefer a sleeker look with no tap landing?

### Accessories

Check what custom made accessories are available for your sink, on pages 20-21, to make the most of your sink space.

### Warranty & service

All Oliveri sinks have a lifetime manufacturer's warranty\*. For more information visit [oliveri.co.nz](http://oliveri.co.nz)

## Selecting the right tap /

### Quality /

#### Trusted name

Look for a reputable brand that supplies quality products that comply with New Zealand Standards.

#### Warranty

Compare warranties across products and look for the brand with the most confidence in their products. Oliveri taps come with a 10 - 15 year warranty\*.

#### Watermark

Ensure that the tap you are purchasing has the Watermark Logo (you can usually find it at the back of the tap). This confirms that the tap complies with New Zealand Standards.

WaterMark

#### WELS Rating

This rating is designed by the New Zealand government to indicate the water efficiency of taps and other water related products. The higher the star rating (out of 6) the more water efficient it is.

### Design /

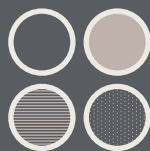

#### Goose neck vs. single lever tap

Goose neck taps make a grand statement in your kitchen, while a single lever tap is simple in design, offering a low-profile look.

#### Finish

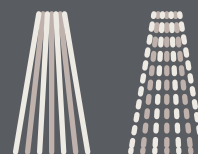

Today, kitchen taps come in an array of finishes including polished chrome, matte black, brushed black, gunmetal, natural brass and gold. Choose a finish that compliments the rest of your kitchen appliances.

### Functionality /

#### Spray and select button

Some mixers have an easy-flick button that changes the water pressure from high pressure to shower spray. You can also choose a select button that allows you to stop and start the water flow.

#### Water pressure

Be sure to check that your water pressure is compatible with the guides specified within your warranty.

#### Pull out mixer

A pull out mixer adds new functionality to your kitchen tap. The pull out gives you extra reach and is particularly helpful when filling pots and vases.

# Santorini

## Premium Materials

This showstopper is constructed from 80% granite and quartz, 20% resin, making it a rock solid performer for your modern kitchen.

## Featured products /

Santorini sink: ST-BL1566GT NZ OF  
Vilo pull out mixer: VT0398C-ST-BL

## Features /

### Italian made

Santorini sinks are made in Italy to ensure premium quality and reliability.

### Yours for life

This rock solid sink comes with a lifetime manufacturer's warranty\* for your peace of mind.

### Scratch resistant

This resilient sink is ready to battle your knives and forks. If it does scratch, you can buff them out.

### Heat resistant†

The granite is able to withstand thermal shocks and is heat resistant up to 280°C.

† We recommend using a surface protector for hot pots which can reach up to 600°C.

### Easy to clean

An active agent in the sink resists limescale making it easy to clean.

### Heat and sound insulation

Helps maintain the water temperature and absorbs noise.

# Spectra

## Inspired Design /

Oliveri Spectra double bowl sinks come with an inspired design feature in the form of a curved bridge dividing the two bowls. This curved bridge acts as an overflow to safeguard against accidental over filling eliminating the need for an overflow.

**Overflow kit** is not available for Spectra sinks.

### Featured products /

Spectra sink: SB63BK NZ  
Essente goose neck pull out mixer: SS2525-BL

### Coloured steel

This striking sink comes in four colour options:

● Stainless

● Black

● Gunmetal

● Copper

## Features /

### Premium finish

A premium PVD coating gives the copper, black and gunmetal sinks their distinctive colour.

### Yours for life

This statement sink comes with a lifetime manufacturer's warranty\* for your peace of mind.

### Universal installation

The Spectra sink is suitable for top, under and flushmounting.

### Contemporary design

The 5mm radius corners complete the modern design while still being easy to clean.

### Matching accessories

Along with a chopping board and drainer, every Spectra sink comes with a matching bowl protector to protect the bowl from scratching.

# THE GREAT OUTDOORS

We're all drawn to the great outdoors - there really is nothing better than a backyard BBQ on a balmy summer night. But why stop there? Plan your outdoor kitchen well and you'll enjoy year-round cooking and entertaining outdoors, even when summer is a distant memory. Here are five keys tips to the perfect outdoor kitchen.

## Functionality

How do you plan to use your new space? Will you use the main kitchen for food prep but cook outside, or create a totally self-contained outdoor kitchen? This decision will help you determine your ideal sink and tap combination. A smaller sized sink, such as the Solitaire LR510 NZ or Sonetto SN1030TU NZ OF, may be all you need; each sink is perfect for a quick clean up or filling with ice and drinks. For the complete outdoor kitchen experience, a large sink and pull-out mixer tap such as our Essente goose neck will accommodate every last bit of washing up from Sunday's BBQ with friends.

## Design

In most homes, the interior design will carry through to the outdoor kitchen, but your exterior setting still needs some thought. A large butler's sink, although they look great, may not be practical. Try a small round or square sink that will better suit your needs and design style.

## Location

Keeping your sink and tap close to the BBQ makes cleaning up is a breeze after a big night of entertaining. Locating the indoor kitchen on or adjacent to your back deck or patio area makes sense, too. A quick dash back inside to gather ingredients is much less complicated when you don't have to weave your way around furniture.

## Durable Materials

Outdoor kitchens must be able to withstand all weather conditions. Select durable, long-lasting materials such as stainless steel or granite. Our stainless steel Essente taps and granite Santorini sinks are a perfect combination.

## Shelter

Even if they are classed as weather resistant, the finish and fittings of your sink, tap and outdoor appliances might not cope well in a harsh climate. Adequate protection is recommended for you, your guests and your sink and tap. Undercover alfresco areas are also easier to keep clean and maintain.

Featured products: Solitaire sink (LR510 NZ) and Essente goose neck pull out mixer (SS2525)

# Solitaire

## Features /

### Proudly Aussie made

The Solitaire is one of the many ranges of stainless steel sinks that we produce out of our factory in Adelaide.

# Essente Care Handles

## Featured products /

Santorini sink: ST-BL1551 NZ OF  
Essente black pull out goose neck mixer: SS2525-BL  
Essente black care handle for goose neck mixer: ACCH003

## Features /

**Our care handles offer an extended lever that is ideal for those who need a little extra help. These handles can be installed in a home or in spaces needing to comply with AS1428.1, such as care facilities.**

Designed to match our Essente tapware range, our care handles ensure added functionality without compromising on design.

### Luxe Colours

Choose from four luxe colours including sleek stainless steel, bold black, shimmering brushed gold or sophisticated gunmetal.

### Durable Finishes

Essente's durable finishes are the easy clean choice. Just a gentle wipe with a soft cloth and warm soapy water means you'll get that perfect finish, every time.

### Solid Construction

These handles are constructed from premium 304 grade stainless steel for increased strength and longevity.

### Peace of Mind

Our products are made to last, so we've backed every single Essente handle with a 7 year warranty for peace of mind.\*
